

We are learning to re-tell the story of **The Little Red Hen**.

This week we have been busy making masks of the characters in the story. We used them to 'hot seat' each character. This means we asked the characters different questions to find out more about them. We wanted to find out why they behaved a certain way and how they felt at different points in the story.

We used the question words...What? Why? When? How? Where? Who? to help us.

What did you find out?
