

Year 2 Home Learning 12.10.17

On Thursday 5 October we celebrated 'International Day' at Edmund Waller. It was wonderful to find out about all the different cultures and nationalities represented in our school ... and sample the delicious food!

What do you know about your family's culture and background? How do you celebrate your heritage? Do you speak different languages at home? What sort of food does your family enjoy eating? For this week's home learning, please write any interesting facts about your family background that you would like to share and add illustrations as you wish.
