Executive Head Teacher: Colleen  
Boxall

Head of School: Richard Wilson  
Chair of Governors: Patrick White

14<sup>th</sup> March 2018.

Dear Parents and Carers,

I wrote in December to let you know that, after careful consideration, the Governors had decided to end the partnership with Holbeach School at the end of this term. This means that the school will have its own Headteacher, rather than a shared Executive Head and Head of School.

As I informed you in December, Ms Boxall is intending to retire, and we have been undertaking the process of recruiting to the new Headteacher role. The Governing Body is determined to recruit the very best Headteacher for Edmund Waller and it often takes time to find the most suitable candidate for this extremely important post. We have therefore decided to re-advertise the role and this process will be taking place over the next few weeks.

I am very pleased to inform you that Ms Boxall has agreed to postpone her departure and be our interim Headteacher whilst we recruit a permanent Head. This will ensure we have stability and continuity and maintain the child focussed approach and ethos that makes our school community so special.

The ending of the partnership means that Mr Wilson will return to Holbeach at the end of this term. He has made a huge contribution to the school over nearly 5 years and we are all extremely grateful for his commitment, energy and leadership.

Yours faithfully,

Patrick White  
Chair of Governors.
