We have been learning our times tables by 'star counting'. Can you choose one of the following times tables and invent your own star counting or even a dance to help you remember them?

You could perform it to your friends, parents or carers!

Choose from **one** of the following:

2 x table, 5 x table or 10 x table

3 x table, 4 x table or 8 x table

There is a multiplication grid at the back of your home learning book to help!
