

Home Learning - Year 1
Autumn Term 2 - Week 2

This week we have been learning to put objects into 'bundles' of ten and ones so that we can count quickly. You will need to use objects to help you with this activity. Straws are ideal but if you don't have straws then you could use cutlery, cocktail sticks, pens or pencils instead.

Choose a number below and count out your objects. Can you make a group of 10? How many objects do you have left over?

14

One has been done for you using straws:

I have one 'bundle' of ten and 2 more ones. I have 12 straws altogether. $10 + 2 = 12$

Tens	Ones
1	2

Write how many 'bundles' of ten and how many ones you can count for each number chosen or take photographs and stick them in or draw what you have made.

Challenge

Choose a number below and group the objects of your choice into tens and ones. How else could you record this?
