Dinosaur Clean	Iguanodon	20
Dinosaur Slow	Triceratops	22
Dinosaur Tiny	Hypsilophodon	24
Dinosaur Fast	Ornithomimus	26
Dinosaur Strong	Giganotosaurus	28
Glossary		30
Index		31

We have been learning all about non-fiction books and how to find information. We have been reading the book 'Dinosaur More' by Henrietta Strickland.

The Natural History Museum needs some more information about the dinosaurs! Can you create your own information book? What dinosaur facts do you know? Or can you write down some facts that you have learnt so far?

Some things you could add to your book:

- A front cover
- A contents page (with numbers and headings)
- Page headings
- Pictures (can you label your dinosaur?)
- Facts about your dinosaurs
- Page numbers
- Back cover with blurb

How could you make it attractive to the reader?

What will you call your book?

Who is the author and the illustrator?

Please remember to log into Bug Club to continue your English learning at home.
