

## Year 2 Home Learning

### Autumn 2 Week 7

Today, Year 2 hosted their memorable event 'Toy Museum' where we showed parents, carers and children around school all of our wonderful learning from this term.

This week can you either –

- Discuss what was in the 'Toy Museum' with an adult
- Write a recount of our memorable event
- Write about your favourite activities in the Museum that we have learned about this term

#### **Maths & Reading at Home**

Reading aloud to an adult for 20 mins every night and discussing the book they are reading is a crucial part of your child's home learning, which will build their reading fluency, confidence and comprehension.

For Maths, 5 mins daily practise is important. They should practise counting (in 1s, 2s, 3s, 5s and 10s), number facts to 10 and 20 and the 2, 5 and 10 times-tables.
