

Year 1 - Home Learning

Autumn 2 Week 7

This term our topic has been all about dinosaurs. We visited the Natural History Museum, learned how to be palaeontologists, read dinosaur stories and information books and finally shared our dinosaur knowledge in our Year Group film. What have you enjoyed the most?

Have a go at one of these:

Talk to an adult about the learning you have been doing over the term

Write about your favourite dinosaur

Write a dinosaur story

Please remember to log into Bug Club to continue your English learning at home.
