

Year 1 - Home Learning

Spring Term 2 - Week 6

Eggs, Let's Get Cracking

This term we have been really busy learning all about eggs and animals that lay eggs. We were visited by 'The Bug Man' who taught us about the life cycles of egg-laying creatures. We have used eggs to cook a variety of dishes and wrote our own recipes. We observed chicks and tadpoles hatching in our classroom, and have learned how to take care of them. As well as so much more!

What was your favourite part of the topic? What are some interesting facts that you have learned? How can you show what you have learned?

- You could make a poster
- You could write a recount.
- You could draw and label a picture.

Be as creative as you like!

Please remember to log into Doodle Maths and Bug Club to continue your Maths and English learning at home.
